

CITY OF DOUGLASVILLE

ZONING PROCEDURES – 2017

The Zoning Department shall review the application for completeness within five days of submission. Incomplete or improper applications, as determined in the sole discretion of the City Official, will be returned to the applicant.

I. APPLICATION REQUIREMENTS -

Anyone wishing to apply for any of the following:

Property change of zoning

Special Land Use Permit (SLUP)

- A. An application for rezoning or special land use approval shall be submitted to the planning and zoning department on the department's forms. A non-refundable fee shall accompany the application when applicable. (See attached zoning fees)
- B. An application for rezoning or special use approval must include the following:
 1. A legal description of the property proposed to be rezoned;
 2. A recent survey plat showing the dimensions and location of the subject property prepared by a land surveyor whose state registration is current and valid and whose seal is affixed to the plat;
 3. The present and proposed zoning classification for the subject property; (See application)
 4. The names and addresses of the owners of the subject property and their agents if any; (See application)
 5. Notarized consent of the owner if applicant is not owner; (See application)
 6. A map of the property sought to be rezoned showing its location in the city and its relationship to adjoining properties, public facilities, and public services including the zoning classification of all adjoining properties;
 7. Information regarding the demand that will be placed on public facilities and services by any contemplated development, including but not limited to increased population density, traffic volume, school enrollment, drainage, traffic, and utility facilities; (See Section IV. B. 3.)
 8. Proof that all city, county, and state ad valorem taxes due upon the property have been paid in full;
 9. Campaign contribution disclosure report by the applicant and the applicant's attorney, if applicable, in accordance with O.C.G.A. 36-67A-1 *et seq.* (Attached to application)

10. The applicant's response to each of the standards for approval for the rezoning or special use (Attached to application).

II. CONCEPT PLAN

A. When required:

1. An application for a zoning change related to a design concept development must be accompanied by a concept plan if any new construction or alteration of the site is proposed or if prior conditions of approval are proposed to be changed.
2. The concept plan shall be binding as a condition of approval of the rezoning or special use by the city council or as a part of an application for a design concept development, to the extent that the concept plan is consistent with the provisions and requirements of this zoning ordinance and all other codes and ordinances adopted by the city. A concept plan may be accompanied by a development standards text, which may be approved as a condition of zoning or special use, providing development standards and uses for the project which vary, augment or limit the requirements of this zoning ordinance and the development code.

B. Preparation:

1. A concept plan may be prepared by the applicant, a professional engineer, a registered land surveyor, a landscape architect, a land planner or any other person familiar with land development activities.
2. The concept plan shall be a map or other graphic representation drawn to approximate scale on a boundary survey of the tract or on a property map showing the approximate location of the boundaries and dimensions of the tract.

C. Contents. The concept plan shall show the following, as appropriate to the zoning or special use requested:

1. Name and address of the property owner.
2. Name, address, and telephone number of applicant.
3. Date of survey; north point and graphic scale; source of datum; date of plan drawing; and revision dates, as appropriate.
4. Proposed density and use of the property, with each area (other than open space areas; recreation and amenities areas; dedicated space; utilities, streets and the like) designated for development consistent with the uses and standards prescribed for one of the zoning districts, other than DCD; authorized by this zoning ordinance. The development standards, density, and land uses for each such area shall be those prescribed for the zoning district shown, except as varied, augmented, or limited by an approved

development standards text incorporated as a condition of zoning in the DCD. For DCD's of 500 acres or less containing any residential use, concept plans shall additionally show sufficient data to verify compliance with the requirements listed below. (See section D.)

5. Location (Land Lot, District, Section, Parcel Number); size of the property in acres (or in square feet if less than an acre); and the acreage of each land use area.
6. Location sketch of the property in relation to the surrounding area with regard to well-known landmarks such as arterial streets or railroads. Location sketches may be drawn in freehand and at a scale sufficient to show clearly the information required, but not less than one inch equal to 2,000 feet. US. Geological Survey maps may be used as a reference guide for the location sketch.
7. Zoning district classification of the subject property and all adjacent properties, and zoning district boundaries as appropriate.
8. Man-made features within and adjacent to the property, including existing streets and names, city and county political boundary lines, and other significant information such as location of bridge, utility lines, existing buildings to remain, and other features as appropriate to the nature of the request.
9. The proposed project layout including driveways, means of ingress and egress, open space, recreation areas and amenities.
10. Such additional information as may be useful to permit an understanding of the proposed use and development of the property.

D. *Maximum area and density for residential uses in a DCD development.*

1. Except as provided in paragraph 2. of this subsection, no concept plan shall be approved for any DCD development of 500 acres or less which exceeds the following limits for residential use:
 - a. Maximum acreage area for residential use: 75 percent of total land area.
 - b. Maximum acreage area for multi-family (attached residential units at R-6 density or greater) residential use: Ten percent of total land area.
 - c. Maximum overall residential density (calculated based on property designated for residential bas zones): Five and three-tenths units per acre.
 - d. Maximum residential density within the multi-family (attached units at R-6 density or greater) land use area: 14 units per acre.

2. **Exception:** The Council may waive the requirements of this subsection upon an express finding of special circumstances where any DCD adjoins property of equal or greater acreage which is developed as commercial, office, industrial or any combination thereof.

III. PUBLIC HEARING –

A public hearing is required before either of the request enumerated in Section I may be granted. The Douglasville Zoning Board holds public hearings on the first Tuesday of the month at 6:00 p.m. in the Douglasville Conference Center Auditorium, 6700 Church Street. After hearing each case, the board will make its recommendation for the disposition of that case to the Douglasville’s City Council. The following are dates on which the board and city council will conduct hearings and the latest dates on which applications must be received if a request is to be heard on that date.

IV. PROCESS FOR REZONING OR SPECIAL USE APPROVAL –

Before the city council may take final action on a proposed zoning change, the zoning board shall hold a public hearing on the proposal.

A. Public Notice

At least 15 days but not more than 45 days prior to each public hearing, notice shall be published in a newspaper of general circulation within the city. The Planning and Development Department shall prepare such notice, which shall state the time, place and purpose of the hearing.

B. A zoning change initiated by a party other than the city council shall be heard at a public hearing only upon:

1. *Published notice:* In addition to the requirements above, notice shall include the location of the property, the present zoning classification of the property, and the proposed zoning classification of the property or the special use requested;
2. *Sign posting:* The Planning and Development Department shall require a sign or signs to be posted at least 15 days prior to the public hearing, stating the date, time and place for the public hearing, the present zoning classification and the nature of the proposed zoning change. One such sign shall be placed in a conspicuous location along each street frontage of the property for which the zoning change has been requested. If the property has no street frontage, the sign shall be placed on each street from which access will be gained to the property. Unauthorized tampering with any zoning sign shall constitute an offense, punishable by the municipal recorder's court;
3. *Impact statements:* The following public agencies that may be affected if the application is approved are contacted by the Planning and Development Department and informed of the applicant's intent. (Police department, fire department, school board, water and sewer authority, tax assessor's office and health department) Each agency must submit impact statements detailing the effects the request will have on the services they provide if it is approved. These impact statements are used to help evaluate the merits of the request;
4. *Mailed notice:* As a courtesy to the adjoining landowners, each will be notified by mail of the applicants request for rezoning or special land use permit.

V. COUNCIL ACTION –

- A. Council action is required for the resolution of all requests following their hearing before the Zoning Board.
- B. Regularly scheduled council meetings are held on the first and third Mondays of each month at 6:00 p.m. in the Douglasville Conference Center Auditorium at 6700 Church Street. In preparation for the Council's regular meeting, a working legislative meeting is held at 6:00 p.m. the Thursday before each regular council meeting to give members of the council the opportunity to acquaint themselves with each case.
- C. Zoning applicants or their representatives must be present at the public hearing held before the Zoning Board, the legislative meeting of the Council, and the regular meeting of the Council to ensure that their requests will be heard and acted upon.
- D. For planning purposes, all applicants should allow approximately two (2) months to complete the entire process from submission of the application to the Council's vote. This varies slightly depending on when the application is filed.

VI. WITHDRAWAL –

- A. An applicant may withdraw an application for a zoning change at any time prior to final action by the city council.
- B. Refund of filing fees shall be guided by the following:
 - 1. If the request for withdrawal is received by the Planning and Development Department Director prior to publication of the public notice for the application (or when publication is irrevocably set), all fees paid for filing such application shall be returned to the applicant.
 - 2. If the request for withdrawal is received by the Planning and Development Department Director after publication of the public notice for the application (or after such publication is irrevocably set), all fees paid for filing such application shall be retained by the city.

Standards for Zoning Changes
(Applicant's Response)

1. Is the proposed use or development consistent with the stated purpose of the zoning district?

2. Is the proposed use suitable in view of the zoning and development of adjacent and nearby property?

3. Will the proposed use not adversely affect the existing use or usability of adjacent or nearby property?

4. Is the proposed use compatible with the purpose and intent of the Comprehensive Plan?

5. Are there substantial reasons why the property cannot or should not be used as currently zoned?

6. Will the proposed use not cause an excessive or burdensome use of public facilities or services, including but not limited to streets, schools, water or sewer utilities, and police or fire protection?

7. Is the proposed use supported by new or changing conditions not anticipated by the Comprehensive Plan or reflected in the existing zoning on the property or surrounding properties?

8. Does the proposed use reflect a reasonable balance between the promotion of the public health, safety, morality, or general welfare and the right to unrestricted use property?

Standards for Special Use Approval
(Applicant's Response)

1. Is the proposed special use consistent with the stated purpose of the zoning district?

2. Is or will the type of street providing access to the use be adequate to serve the proposed special use?

3. Is or will access into and out of the property be adequate to provide for traffic and pedestrian safety, the anticipated volume of traffic flow, and access by emergency vehicles?

4. Are or will public facilities such as schools, water or sewer utilities, and police or fire protection be adequate to serve the special use?

5. Are or will refuse, service, parking and loading areas on the property be located or screened to protect other properties in the area from such adverse effects as noise, light, glare or odor?

6. Will the hours and manner of operation of the special use have no adverse effects on other properties in the area?

7. Will the height, size or location of the buildings or other structures on the property be compatible with the height, size or location of buildings or other structures on neighboring properties?

CERTIFICATE CONCERNING CAMPAIGN CONTRIBUTIONS

Have you made, within 2 years immediately preceding the hearing for rezoning, campaign contributions aggregating \$250 or more or made gifts having an aggregate value of \$250 or more to a member of the Mayor, City Council or Zoning Board who will consider the application?
